

**Minden Gardnerville Sanitation District
District Manager's Report
June 2009**

1. EDU allocations: 1.0 EDU's were allocated during the month of May. (see attached sheet)
2. Digester Expansion Project: The digester project is progressing significantly with no outstanding issues at this time. As expected, some unforeseen issues have arisen in the old digesters. I hope to have additional information at the upcoming meeting.
3. Employee Compensation for Overtime: MGSD legal counsel has approved the language for the proposed changes in the compensatory time policy. It had been scheduled for a motion for approval on the upcoming agenda.
4. Effluent Disposal: The effluent ponds should be at or near full capacity by the first week in July. We then expect to be discharging to either Park or Byington, dependent upon their needs.

Frank T. Johnson
District Manager
